If you are a first time user of Correctly, you will need to register. To do so you have to open the website <https://www.correctly.frankfurt.school> and click on the button “TO REGISTRATION”.

1. Login

As a student of the Frankfurt School 2020 intake, you already have an account at Correctly. You will receive your login details via email. To use Correctly, navigate to <https://correctly.frankfurt.school/> and type in your login details. Then hit “LOGIN”.

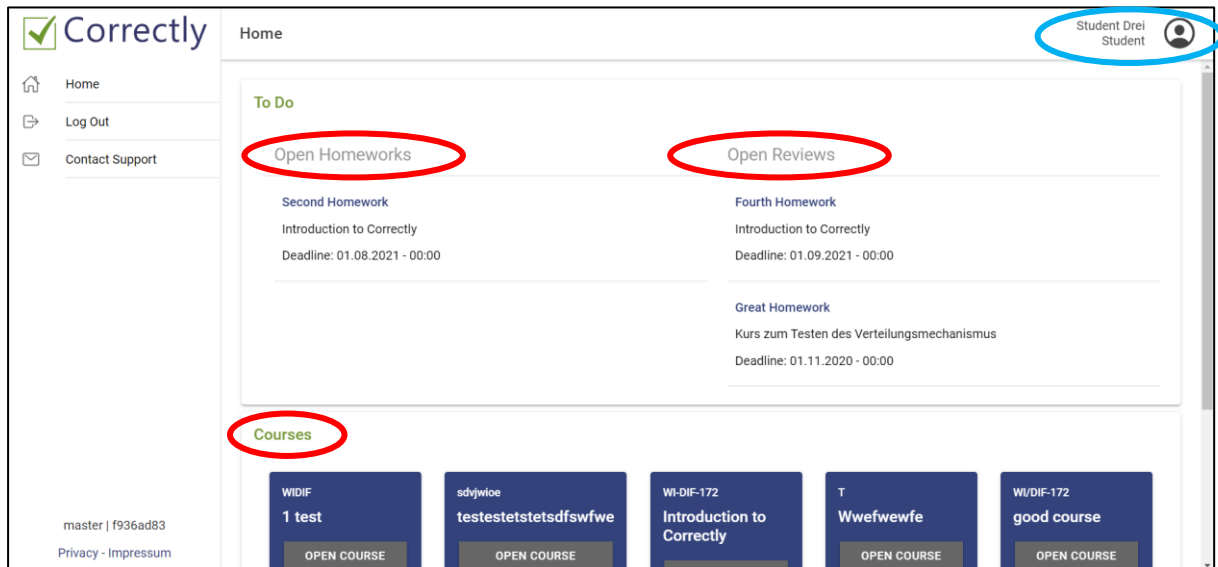

The screenshot shows the login interface of the 'Correctly' platform. On the left is a sidebar with the 'Correctly' logo (a green checkmark in a box) and a 'Contact Support' link with an envelope icon. The main area is titled 'Login' and contains two input fields: 'Email address *' and 'Password *'. Below these fields is a dark blue 'LOGIN' button, which is circled in red. At the bottom left of the sidebar, the text 'prod | 367510b3' and a link to 'Privacy - Impressum' are visible.

2. Homepage

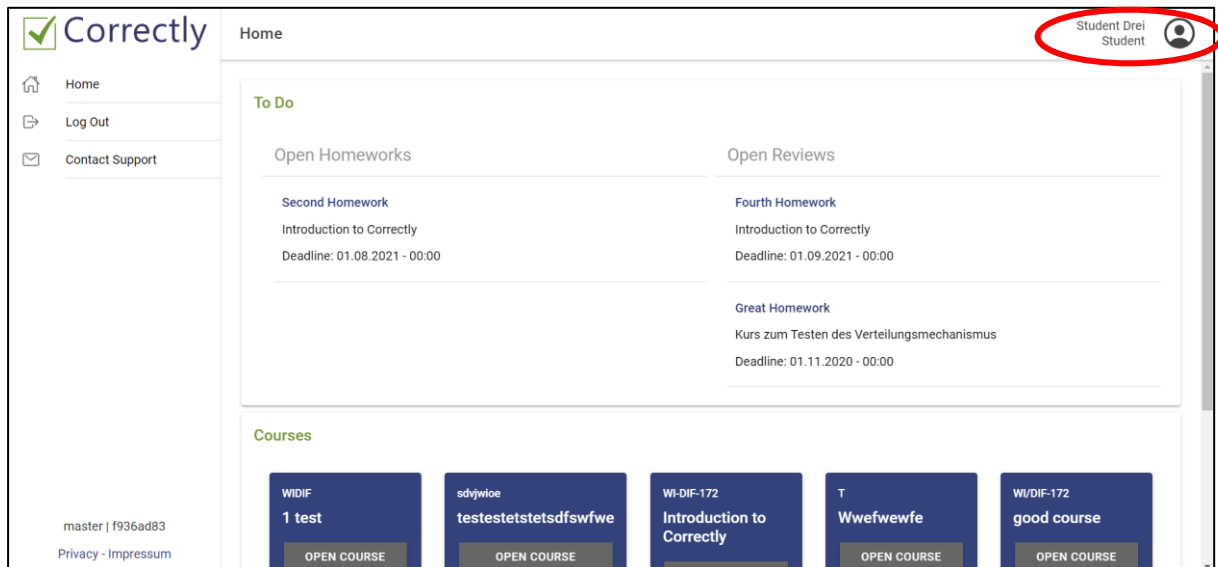

If you are logged in into your account, you will see an overview of your To Do's including open homework and open reviews as well as an overview of your courses.

Besides that, you can view your own profile (marked in light blue).

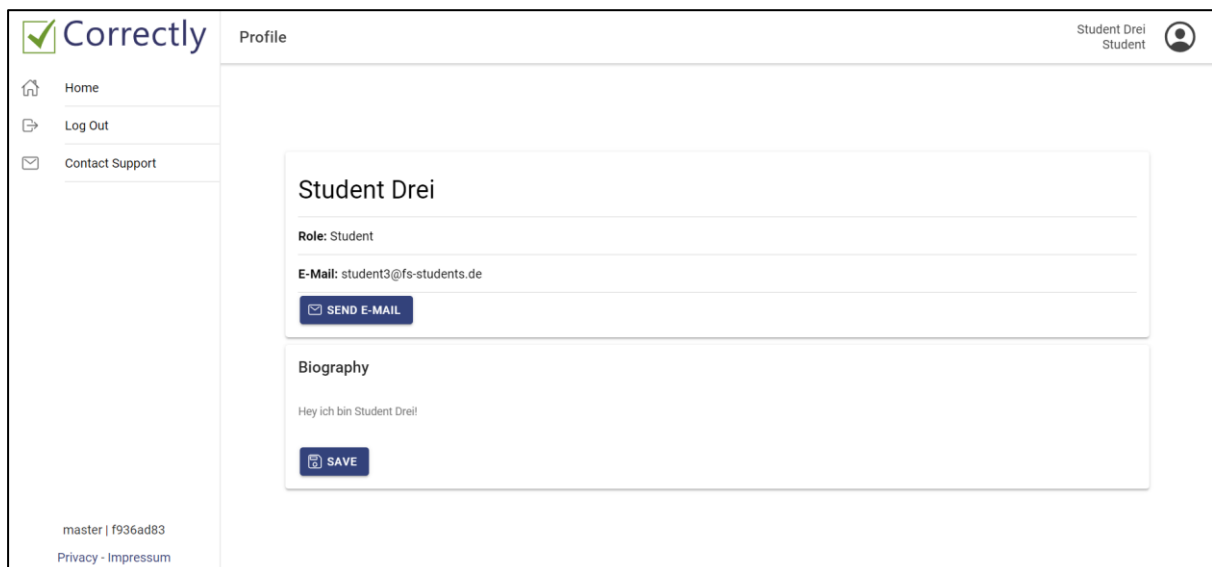

3. Profile

To view your own profile, click on your name in the upper right corner.

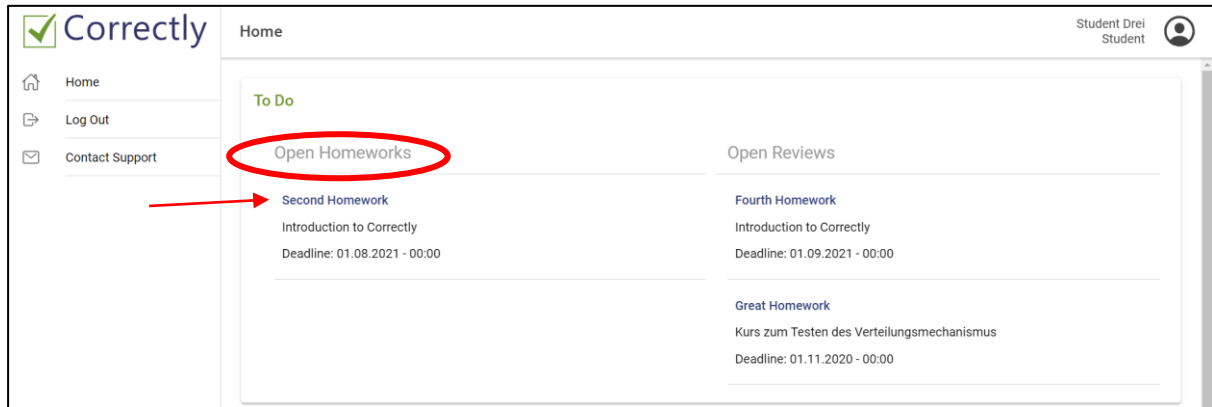

You will be then directed to an overview of your profile.

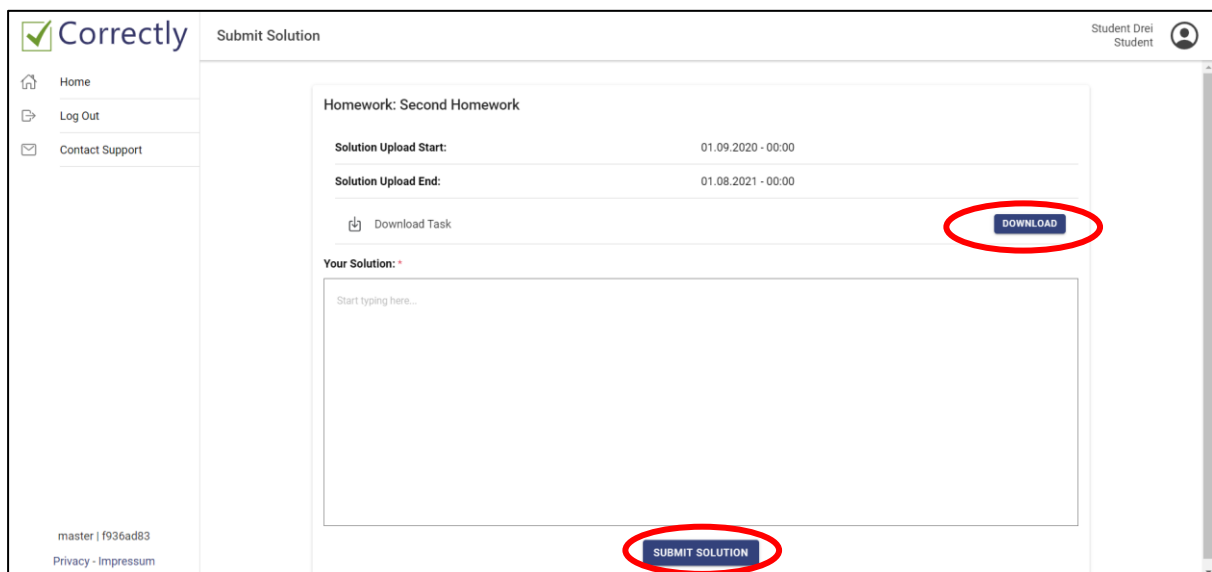

Here you can see your name, your role, and your email. Besides that, you can also edit your biography. To save your edit, you need to click "SAVE".

4. Open Homework

On the homepage, you will find a field with your To Dos including Open Homework. Below this, you will find all your open homework with their names and due dates. To edit or complete a homework click on the name of the homework.

If you have clicked on the name of an open homework, you will be directed to the “submit solution” page of the homework.

Now you see the “Solution Upload Start” and the “Solution Upload End”. You got time to work on your homework during this time range. Once the time has ended, there is no chance to submit your solution anymore.

You can download your task by pressing the “DOWNLOAD” button.

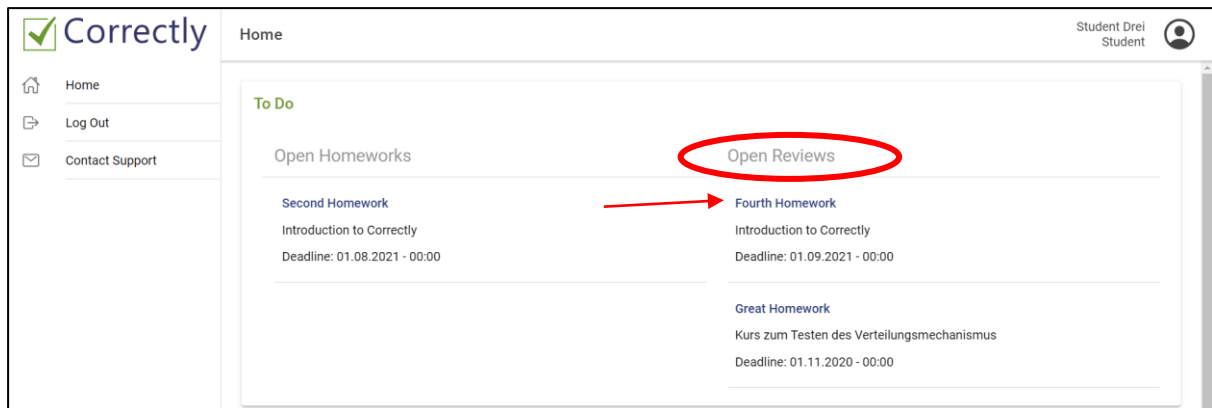

You should then write your solution in the text box below. There are also other options to submit your homework such as pdf, word, programming code, etc. Which one is to be used will be specified by your lecturer.

When you are done doing your homework, click on the button “SUBMIT SOLUTION”. **But pay attention:** Once you’ve submitted your solution, you won’t be able to submit another solution or to edit your submitted solution!

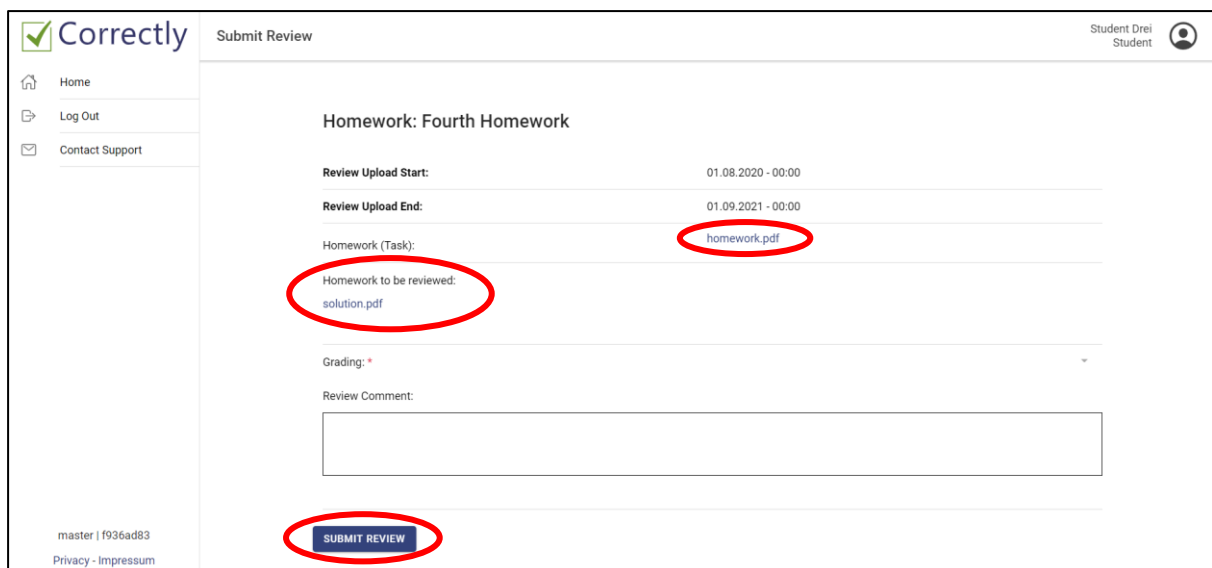

5. Review Homework

On the homepage, you will find a field with your To Dos including Open Reviews. Open Reviews show other students' homework that you must review.

Below this, you will find all your open reviews with their names and due dates. To edit or complete the review of the homework, just click on the name of the homework.

When you click on the name of the open homework which is to be reviewed, you will be directed to an overview of the homework.

Now you see the "Review Upload Start" and the "Review Upload End". You got time to work on your review during this time range. Once the time has ended, there is no chance to submit your review anymore.

You can download the task of the homework again by clicking on the file in line with "Homework (Task)". Below that you find the "Homework to be reviewed". By clicking on the file below, you download the homework which is to be reviewed.

After reviewing the homework you are asked to do the grading. There are different options in the way the homework can be graded (specified by the lecturer):

- a) Has made efforts / Has not made efforts

Grading: *	
<input type="radio"/>	Has made efforts
<input type="radio"/>	Has not made efforts
CANCEL OKAY	

- b) Number of points

Grading: *	number of points
-------------------	------------------

- c) 0% - 100%

Grading: *	percentage grade
-------------------	------------------

- d) Not-wrong-correct-mode

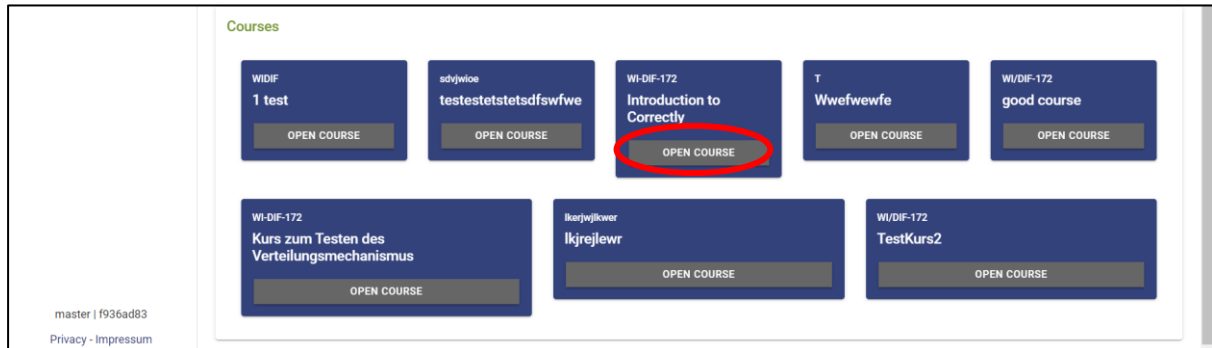

Grading: *	
<input type="radio"/>	Was not done
<input type="radio"/>	Wrong
<input type="radio"/>	Correct
CANCEL OKAY	

Then there is another text box where you can add a comment.

When you're done doing the review, click on the button "SUBMIT REVIEW".

6. Courses

On the homepage, you will find a field with your courses. Below this, you'll find all your courses with their names. By clicking on the button "OPEN COURSE", you'll get an overview of this course.

For example, the course "Introduction to Correctly". The overview page of your course shows you three categories: Home, People and Homework. By clicking on the "SHOW" button on the right, you can open those parts separately.

6.1. Home

By clicking on the “SHOW” button for “Home”, you will get information about the course title and the year you are in.

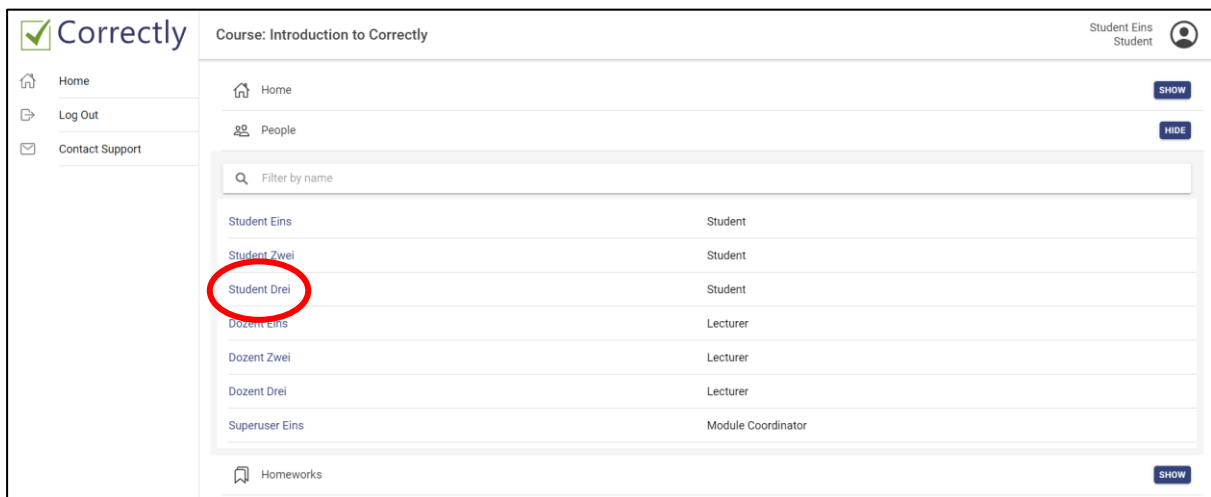

The screenshot shows the 'Home' page of the 'Correctly' system. The page title is 'Course: Introduction to Correctly'. The user is logged in as 'Student Eins Student'. The left sidebar contains links for 'Home', 'Log Out', and 'Contact Support'. The main content area has a 'Home' section with a 'HIDE' button. Below it, a table displays course information:

Course Title	Introduction to Correctly
Year Code	WI-DIF-172

Below the table, there are sections for 'People' and 'Homeworks', each with a 'SHOW' button.

6.2. People

By clicking on the “SHOW” button for “People”, you will get information about every person in the course including all other students, lecturers and module coordinators.

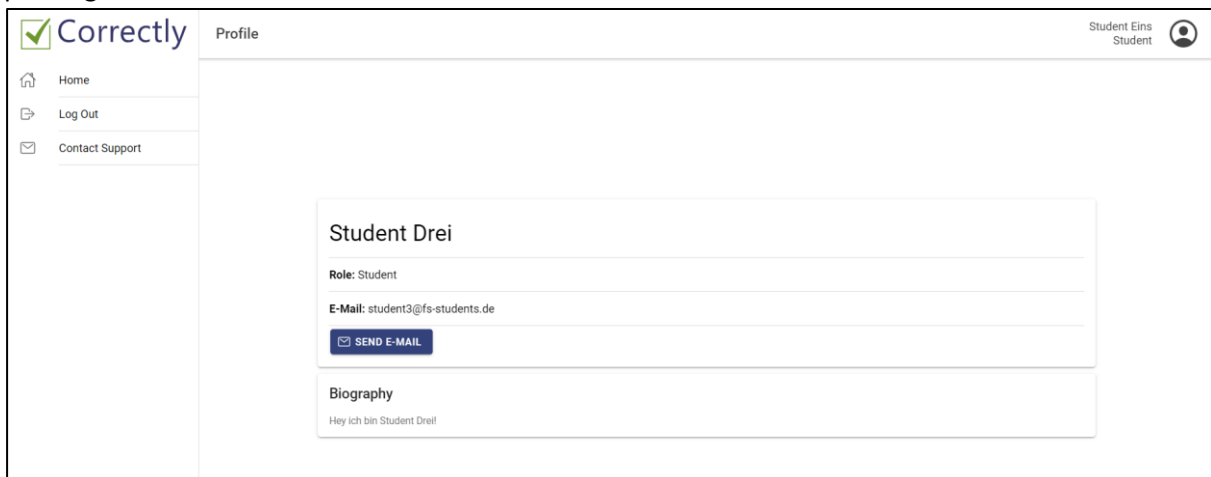

The screenshot shows the 'People' page of the 'Correctly' system. The page title is 'Course: Introduction to Correctly'. The user is logged in as 'Student Eins Student'. The left sidebar contains links for 'Home', 'Log Out', and 'Contact Support'. The main content area has a 'People' section with a 'HIDE' button. Below it, a table displays a list of people:

Filter by name
